Tuscany Interiors (Midi)

Synopsis

Now in a new, more compact format! Nestling in the gentle hills and brushed with the hazy sfumato of the air, the homes of Tuscany have long been the objects of lust and legend. This book affords a privileged glimpse of Tuscan houses and interiors. Leading lights of the international arts and fashion scenes open their doors and bid us enter. The range extends from the simple casa colonia, the typical farmhouse of Chianti, via the majestic palazzo of the Puccis and the magnificent villa of the Siemens family to a house designed by Ettore Sottsass.

Paolo Rinaldi studied classics and later worked as a journalist for Casa Vogue. Since 1995, he has been a freelance writer and travel journalist, contributing to various newspapers and magazines. His numerous publications include volumes on the Venetian Friuli region, Tunisia, and Vietnam.

Angelika Taschen studied art history and German literature in Heidelberg, gaining her doctorate in 1986. Working for TASCHEN since 1987, she has published numerous titles on the themes of architecture, photography, design, and contemporary art.

Unlike most interior design idea books, this book actually has a fair number of interiors that are relevant to normal size homes and rooms. I would say that about half this book is useful for homes that aren't mansions. This is unusual, because most design books only have a few plates that are

relevant to anything less than a Hearst manion. Definately a buy.- jim and katya preston

Beautiful book glad I could get it at this price thank you for selling some of these great expensive interior books at a price regular people can afford.

Great pictures and Great Price. Complements all the other books on the coffee table in my Tuscany inspired family room.

good book.

This book did not provide any practical interior design ideas. If, however, you are into Tuscan, it would make a fabulous coffee table book.
