Cape Horn: The Logical Route: 14,216 Miles Without A Port Of Call

Synopsis

This is the story of Bernard and Fran  oise Moitessier's honeymoon voyage aboard Joshua, sailing from Europe to the islands of the Pacific and back by way of Cape Horn, the "logical route," because it was the fastest. Setting out from Tahiti, they make their way through the Roaring Forties, iceberg territory, and the relentless gale-force winds of the higher latitudes. They owe their survival to careful preparation, superior seamanship, and their sense of harmony with Joshua and the sea. Cape Horn is also the tale of how Joshua, Moitessier's dream boat, became a reality, and how he recovered from the disaster of losing his previous boat--which he himself had built--to pursue his great love: sailing the world's oceans.

Customer Reviews

A true classic by and about one of cruising's best known authors. (Latitudes & Attitudes)

Text: English (translation) Original Language: French

Those who know Moitessier's name need no further recommendation. Those that do not will not forget his inspiration after reading his work. This book in particular illustrates this mariner's formative transcendentalist characteristics, and charts a path for his future exploits. It also details the design and construction of his boat "Joshua", which survives today in France. Highly recommended book.

As advertised

As usual for reading a book about sailing, I took lots of notes, listing them by page number in the front cover of the book. Lots of good information. He's a nice guy, too--and his wife! I always learn something reading books about sailors: this time he learned how to coast his boat down the waves of Cape Horn!

Another Gem by the Master and inspiration of sailing cruising and escaping it all. This time the wife is along and you can see the deliberations thoughts and rationale behind sailing with others a supposed to solo sailing that we saw in other masterpieces of his. Too bad they don't convert his writings to Kindle

Excellent author, wonderful reading ! Will highly recommend !

Best of the best when it comes to true sailing adventure. He has done it all... repeatedly, and lived to tell about it.

What a marvelous writer! Very poetic and beautiful. Very compelling story.

Great read
