Customer Reviews

I don't think the description of this e-book is very clear. I thought this was going to be a travel guide for Tallinn, Estonia -- but it's actually a guide for those who want to RUN, as in, for exercise, around the town. Sure, the word "Running" is in the title -- but I misconstrued it as just a descriptive title. I guess this is a good purchase for someone who actually does want a guide for running routes and running tips around Tallinn -- but for someone who is just looking for a small travel guide, this was a waste of money.
