Synopsis

An anatomy lesson like no other! Look inside the human body with the magic three-colour lens and x-ray from head to toe to discover how your body works. Use the red lens to reveal the skeleton, the green to see the muscles working, and x-ray your organs with the blue lens to find out what they do day and night to keep you alive. Uncover the secrets of the human body and explore how its different systems work in this stunning follow up to the internationally best-selling Illuminature. Jam-packed with detailed illustrations and full of facts and information, this innovative encyclopedia from Milan-based design duo Carnovsky will make you see the human body in a whole new light.
