One of the leading authorities on fashion history, Tom Tierney created over 150 paper doll books for Dover Publications. With subjects ranging from U.S. Presidents to popular movie stars, Mr. Tierney's books are famous for being carefully researched and meticulously rendered. His releases are prized by fashion professionals, collectors, and paper doll lovers all over the world.

I love this collection. The colors are beautiful. I have other collections by Tom Tierney, but this one only has 9 costumes per gender. I noticed that some people say there is too much "near nudity", but it's nothing compared to what I see on the beach when people are in two piece bathing suits. So if you take your young child to a beach and don't mind them seeing people in bathing suits, then this collection will be just fine for young kids.

I actually got this for ideas on ancient Egyptian clothing for use on dolls. It was wonderful for that. I just wanted some good inspiration to do outfits for Barbie dolls and I did get design ideas. I have already sewn one of the outfits and it looks great on the doll!! I used braided black yarn for the wig and added the adornments in miniature that I got from this book!!!

This is a very nice, historically accurate set of paper dolls. I also enjoy the written descriptions. I would recommend this book for anyone. Some of the other reviewers have complained about nudity, but they must have a strange definition of nude, because I didn't see any.

The book arrived in excellent condition

so,so

I purchased this book because my daughter is interested in making ancient Egyptian styled clothes for fashion dolls. A bonus to the pictures is the descriptive and informative text on the inside front and back covers.

This book was just the added touch needed for a display I created at work on Egyptian culture. The colors in the costumes are brilliant. The costumes are fairly easy to cut out with adult supervision. The head pieces are a little tricky, but if you're careful, they're worth the effort.

I just wish that there was some way of reproducing these for my dolls. Paper dolls are okay, but REAL dolls are better.
