Liza Charlesworth is an editor and writer of books for teachers and children. Her other titles include *Dinosaurs* and *Turn to Learn: Word Family Wheels*.

These little books are nicely written and have full color illustrations. The stories are compelling enough that you might want to read them to your child. The vocabulary is more advanced than what I was anticipating though and it will be a while before my son will be ready to read them. To give you a feel, this passage is from "The Elves and the Shoemaker": "But a magical thing happened. When the shoemaker woke up, the leather had already been turned into a fancy pair of shoes! 'Wow! I will sell these at the market,' he said." This passage is from "The Princess and the Pea": One stormy night, there was a knock on his door. When the prince opened it, he saw a girl. Her hair was wet.

Her clothes were muddy. And she was shivering."

15 Fairy/Folk Tales that are great for beginning readers. These are just perfect for my Kinder and 1st grader. The short stories included are, "The Elves and the Shoemaker," "Stone Soup," "The Three Little Pigs," "The Three Billy Goats Gruff," "Goldilocks and the Three Bears," "The Spider and the Beehive," "The Little Red Hen," "The Nightingale," "The Gingerbread Man," "The Princess and the Pea," "Martina the Cockroach," "The City Mouse and the Country Mouse," "Cinderella," "The Tortoise and the Hare," "The Ugly Duckling."

It's not easy to find leveled reading books but when my 1st graders were struggling with reading we did 2 things 1) we got them a tutor to learn some decoding rules/tips 2) bought them this (and a couple of other) level reading sets. This particular set is for readers at level E-I. Unlike many leveled reading books - these are actually enjoyable to read. Classic children's stories have been adapted to the appropriate reading level. It's been fun to discover Stone Soup, The Ugly Duckling, The City Mouse and the Country Mouse, The Tortoise and the Hare, as well as many others. The books have a small form factor. They won't take up a lot of room in your child's library. The box makes them easy to take on car/plane trips. Definitely a good buy.

The best purchase I've ever made for my 2 year old. Martina the cockroach is his favorite story. He learned so much vocabulary through these stories! He looks through the books on his own and asks for someone to read them to her. A must have! I already purchased this set for 2 other toddlers.

My daughter is in first grade and was having trouble reading. I saw the great reviews and decided to give these a try. She loves them! She is now able to read all the books without assistance. The stories are short enough to keep her interested. I would definitely recommend them to any parent!

Every child going into kindergarten must have this set of books. Knowing these stories before entering school will give a child a head start. Later when they begin to read the books have different reading levels.

My four year old LOVES reading these books. The stories are classics and the pictures are fabulous. I like that some large words are included in the stories periodically to build on vocabulary. It's an awesome buy for so many books.

Great
