Customer Reviews

Both the book and the service are great.

This book is a go-to-reference on mixed-use development.

This book has been very useful in my work as a building metrologist. Five stars.

1. The book gives useful knowledge for beginners but if you have more than 2 years of industry experience you can forget it.2. Cases are limited to several and lack of Asian perspective.3. A great text book for new comers to real estate development.

Excellent overview. If you're involved with Mixed-Use Development in any way, buy this book as a great reference! Shawn C, CCIM
