One Year Of Dinner Table Devotions And Discussion Starters: 365 Opportunities To Grow Closer To God As A Family

Synopsis

Getting the kids to turn off the TV and video games is challenge enough—let alone gathering as a family to read and discuss the Bible! One Year of Dinner Table Devotions & Discussion Starters helps families start where they are already gathered together on a daily basis—around the dinner table. As the meal comes to a close, family members can take turns turning to the dinner-table devotion for that day, designed to be done together as a family in 10 to 15 minutes. The result is a meaningful daily discussion in which every family member can participate, drawing the whole family closer to God . . . and each other.

I was looking for a family devotional book that would allow us to connect with the kids daily. This book was recommended by our family pastor, and it has been wonderful. There are a few days we

skipped because the content was too mature for my 9 and 11 yr old, but for most part I am able to explain the mature parts in a way they understand while still maintaining the integrity of the lesson. We have had some good conversations about Jesus and helped to explain things we thought they understood.

Better for adults and older kids

we've only been using this for about a week, however I really like the discussion questions offered, as well as the direct scripture passages and clear biblical reference. Dinner time is a great time to discuss and learn together- so this book was a very good purchase and I am quite please thus far. If my opinion changes I'll reflect that in my review.

This book has been a good way to get conversations going at dinner. With a 9 and 5 year old it has been difficult on some of the days to get much response out of them, but I feel they are listening to my husband and I's responses. I think it is a good book for families with children preteen to teen age.

My kids really enjoy doing this every night before bed!

Like the stories but I wish they would have questions to ask our kids.

I have been using a trial devotional on a bible app on my phone and I was looking for another book to use. This is perfect for families that want to add a family devotional to their daily lives. No long, just enough information and questions for everyone in the family to answer and join in. I highly recommend this book.

We love this devotional and have had so many amazing family conversation and moments. The material is easy to understand, short enough for kids to stay focused, and relative enough that they look forward to devotional time at dinner. Would absolutely recommend!
