# The Princess Diaries, Volume VI: Princess In Training

## Synopsis

The sixth book in the #1 New York Times bestselling Princess Diaries series by Meg Cabot. Student body president, that is—nominated by her power-mad best friend, Lilly. This is not how Mia imagined kicking off her sophomore year, but as usual, she has bigger problems to worry about, like Geometry. And now that Mia's one true love, Michael, is uptown at college, what's the point of even getting up for school in the morning? But the last straw is what Lana whispers to her on the lunch line about what college boys expect of their girlfriends. . . . Really, it's almost more than a princess in training can bear! Princess in Training is the sixth book in the beloved, bestselling series that inspired the feature film starring Anne Hathaway and Julie Andrews. Beautifully repackaged in paperback, this title will appeal to new readers as well as fans looking to update their collection.

## Customer Reviews

Gr. 7-10. Fans of Princess Mia will be celebrating the return of the whole gang in the sixth installment of the popular series. Lilly and Grandmere are a force to be reckoned with as they try to get Mia elected president of the school. In the meantime, Mia worries that boyfriend Michael really expects her to "do it" now that he's a college man. Arch-nemesis Lana Weinberger is Mia's political foe, and there's a new English teacher certain to help Mia develop her writing career. As if that isn't enough, Mia worries so much about her new baby brother, Rocky, that Lilly nicknames Mia "Baby-Licker," and the snails Mia dumped into the Bay of Genovia are creating an international

incident! Pop-culture references abound, potentially dating the book fairly quickly, but teens will continue to get in line to read this beloved yet familiar fare. Particularly entertaining are the comments Mia makes about the recent movies made of her life. Cindy WelchCopyright © American Library Association. Student body president, that isâ€”nominated by her power-mad best friend, Lilly. This is not how Mia imagined kicking off her sophomore year, but as usual, she has bigger problems to worry about, like Geometry. And now that Mia's one true love, Michael, is uptown at college, what's the point of even getting up for school in the morning? But the last straw is what Lana whispers to her on the lunch line about what college boys expect of their girlfriends. . . . Really, it's almost more than a princess in training can bear!

My daughter loved the book. I ordered the entire series for her.

My daughter loves this series, she is 12.

this book was definitely a low for Meg Cabot. I always thought of princess diaries as a teen book, but this is too far. And seriously, somebody get a counselor... this girl has problems! I mean, its like, if its not the student council president thing, its the Michael thing. or the snails. and it all ends in 2 minutes. booo

This book was awesome I enjoyed reading it and hope you will get a chance to read the tale of princess Mia she is the most unlikely princess ever !

So good

This book was sooo good I was hooked off if my seat. When I read these books I can really relate to Mia. It feels like I wrote the book. And the best part is I love to write also.

These books just keep on amazing me! I think they are very sweet and cute. I really like how Meg Cabot uses all sorts of words ;I think it is very interesting because they match the character so well. I can't wait to read the next one!

Very well written with more laughs than most can handle. Would recommend to anyone, no matter what their age.
