Standing less than five feet tall and never weighing more than 95 pounds, Bonnie Parker was a malicious animal with a taste for blood; from the time she was old enough to inflict damage on another human being. When she was ten years old, Bonnie exchanged insults with a boy named Noel. Noel had the good sense to walk away from the confrontation. But Bonnie followed him into a drug store and proceeded to beat the crap out of him. Her cousin, Bess, was with Bonnie, but she was powerless to prevent her cousin's vicious attack. Bess later said, "When a passing neighborhood woman separated them, Bonnie had a razor blade in her hand and was threatening to cut Noel's throat, if he ever made her mad again." When she was just days short of her sixteenth birthday, Bonnie married a hardened gangster named Roy Thornton. With Thornton frequently being in and out of jail, and also possessing a roving eye for other women, Bonnie soon gave up on their marriage. Although she never divorced Thornton, months after her nineteenth birthday, Bonnie hooked up with a short, skinny, pimple-faced, homicidal maniac named Clyde "Schoolboy" Barrow, who longed to be a mobster in the mold of his idol, Pretty Boy Floyd. In the early 1930s, Bonnie and Clyde, employing a revolving crew of gangsters, committed murder and mayhem in mid-America; robbing banks, gas stations, and stores, and leaving numerous people dead, including nine law enforcement officers. There is no doubt that Bonnie was

just as brutal a killer as Clyde. In 1934, after the Barrow Gang killed two highway patrolmen, Bonnie hovered over one of the dead cops and fired another bullet into his head. Then, while giggling, she said to Clyde, "Looka there! His head bounced just like a rubber ball!" Finally, Bonnie and Clyde's luck ran out. When they were ambushed and slaughtered while they were riding in their stolen Ford, a total of 150 bullets were fired by lawmen. Clyde was hit 17 times, and Bonnie was riddled with 26 bullets. It couldn't have happened to a nicer couple. To purchase "Bonnie Parker - Mob Molls - Beautiful Broads with Brass Balls!!," scroll to the top of this page and hit the BUY button!

## Customer Reviews

Before I stopped counting, I found an error on almost every page but will limit my response to the first one. The fatal wound Clyde suffered was to his temple...not the middle of his forehead. I looked at death photos online and there is no wound to his forehead. Not one. And this book is supposed to be factual???

This was actually the 1st story I have ever read about Bonnie Parker & her story with Clyde Barrow! Joe Bruno tells their story in an easy to read fashion that kept me wanting to keep turning the pages from the time I picked it up! I definitely be looking for more of his books!

Well written and full of interesting facts. I learned a lot about Bonnie and Clyde and their escapades. Highly recommend it.

Yet again another "can't put it down" book. This writer draws you into the book & you think your actually living it. Every book I've read by him was awesome. Steven Kings my fav Author..Joe Bruno is my second. Don't know why he's not on the top 10 seller list. I guess he need's Oprahs help getting recognized.

I thought it was interesting. It was a bit repetitious but what they did was a bit repetitious. At times the murders that Bonnie and Clyde had done were described in detail. That was to be expected. Plus I knew the ending. If you like history then it's an interesting read, if you don't then find another book.

Factual information concerning Bonnie and Clyde..really liked the inside personal interview information given by actual people who ran with them.

Fascinating read. The title is a little misnomer. The book is just as much about Clyde so it really provides a look and understanding into their lives together.

I liked it very much. Very thorough and well researched. It's amazing how Hollywood can change history. Great and easy read.A page turner!!.
