"Move over, John Green; Zentner is coming for you." âThe New York Public LibraryâWill fill the infinite space that was left in your chest after you finished *The Perks of Being a Wallflower*.â

âBookRiot.comâ Dill isn't the most popular kid at his rural Tennessee high school. After his father fell from grace in a public scandal that reverberated throughout their small town, Dill became a target. Fortunately, his two fellow misfits and best friends, Travis and Lydia, have his back. But as they begin their senior year, Dill feels the coils of his future tightening around him. His only escapes are music and his secret feelings for Lydia--neither of which he is brave enough to share.

Graduation feels more like an ending to Dill than a beginning. But even before then, he must cope with another ending--one that will rock his life to the core. âDebut novelist Jeff Zentner provides an unblinking and at times comic view of the hard realities of growing up in the Bible belt, and an intimate look at the struggles to find oneâs true self in the wreckage of the past.âA story about friendship, family and forgiveness, itâs as funny and witty as it is utterly heartbreaking.â

âPasteMagazine.comâA brutally honest portrayal of teen life . . . [and] a love letter to the South from a man who really understands it.â •âMashable.comâI adored all three of these characters and the way they talked to and loved one another.â •âNew York Times

*Originally reviews on Goodreads and My Blog*THIS. FREAKING. BOOK!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! loved it soooooooooooooooooo much. It broke my freaking heart and gave me joy and broke my heart some more. It's just so wonderful! And the feels in this book are beyond what I can say in my pitiful little review. All I know is if you have been meaning to read this book and have been putting it off, READ IT - you just might find it as wonderful as I did. The main characters are, Dill, Travis and Lydia and I love them so much! They are some of the most awesome characters I have read in awhile. Dill is the son of the crazy, snake, preacher man. Travis is a fantasy book fanatic whom you can not help but love. He goes around with his dragon necklace and his staff and is constantly reading his favorite author's books. And Lydia is the one that has the money with a father as a dentist and I think her mom was in real estate. Either way, her parents are wonderful people, the boys parents, not so much. Dill's preacher father ends up in jail for reasons. And Dill's mom doesn't even want Dill to finish his last year of high school or go to college, because of reasons. Travis has a really sweet mom but a jerk for a father. He's a drunk and he's always calling Travis names etc. Lydia runs a very popular blog (

Three unlikely friends in a small town in Tennessee face senior year, and their uncertain futures. Dill's father is a Pentecostal preacher, known for charming snakes and drinking poison to prove his worthiness to God, but is currently in prison for possessing child porn. Dill plans to remain at home to care for his mother and pay down their enormous family debt. Lydia's home life consists of stable parents, both emotionally and financially. Even though she writes a fashion blog and has many followers, she is unpopular with her peers. She has big plans for her future, starting with college in NYC. Travis has an abusive father and a quiet, sweet mother. His brother died while serving as a Marine making him feel like he will never live up to his memory, he loves losing himself in fantasy books to escape reality, and he plans to remain in the small town working at his father's sawmill. This was a beautiful coming of age story, and reading it felt like stepping back into my high school years. Years filled with learning how to separate my thoughts and beliefs from those of my parents, falling in love, and feeling ready to go to college and get on with life. This was a story about helping others, following your dreams, and finding out that you can be anything you want to be ... (cue the music) with a little help from your friends. Enjoyed the humor and emotion in this book and would highly recommend it.

this book. THIS BOOK. have you ever had gone from having absolutely no interest in reading a book whatsoever, to crying over it at 2 am, immediately followed by wanting to go stand on a rooftop and scream and shout (while still sobbing) for all the world to go and read it? cause that was me with this book. seriously, it's books like this that remind me of why I love reading so much. although there are many books that I love that stick with me in one way or another, it takes a very special kind of book to leave such a lasting impression and resonate with me as deeply as this one did. the three main characters are so precious and I fell in love with the friendship they shared with each other and I wanted to reach through the pages of this book and hug each of them and tell them all that it's going to be okay. i'm so glad i took a chance on this book and downloaded it, even though it tore my heart into pieces and (only slightly) stitched it back together.

Jeff Zentner's "The Serpent King" is a hauntingly beautiful story of life for three friends during their senior year of high school. Dill and Travis have not had easy lives, and it looks like life after high school promises more of the same. Dill's father, a fallen charismatic preacher whose ministry involved the handling of snakes, is in prison; Travis's father hasn't been able to get over the loss of his oldest son and takes out his grief and rage on Travis. Lydia, on the other hand, has had it much better. Having developed a successful blog and been accepted at her college of choice, she is ready to move on from their small town and not look back (her parents and friends Dill and Travis excepted). Senior year brings the three of them greater friendship, tragedy, and hope. Zentner's novel is a mix all the things that life brings: friendship, love, dreams, tears, the ordinary, and much more . . . all wrapped up in a bundle of hope. I cannot wait to see what Jeff Zentner writes next. I received a copy from the publisher through NetGalley in exchange for my honest review (and later bought a copy for my Kindle).
