An Adult Coloring Book: Horses Plus: Featuring All New Original Desgins

Synopsis

This book features stunning and unique all new original designs you won't find anywhere else! If you're a horse lover, this coloring book was created with you in mind. It's called an adult coloring book, but in fact many of the designs are also suitable for teens and older children since the level of difficulty varies, with most designs in the average-range. The "plus" in the title is the two bonus sections: The first contains some of Ms. Roycraft's original abstract patterns, and the second contains alternate versions of some of her favorite designs. Jeanette Roycraft lives in Arizona and has been a lifelong horse lover.

Jeanette Roycraft got her start in art in elementary school, when she was drawing horses in class instead of doing class work. After taking art classes later in school, Jeanette went on to work in various careers, including education, manufacturing, and law enforcement before returning to her first loves—writing and design. Ms. Roycraft has had numerous books published under the pen name Jaye Roycraft and also has worked as a publisher's assistant and copyeditor. Ms. Roycraft is the daughter of Roland Roycraft, an internationally-renowned award-winning watercolor artist, who has always been her inspiration.

This is a beautifully done coloring book! I bought this for my grown daughter for Christmas this year and not only has she had a lot of fun coloring in it, so have I! It is really relaxing and gives us chance

Great designs but the lines are SO thick! Wish I would have known that before purchasing

I love this Adult Coloring Book ! Even as an adult, me and my sisters have our crayons and coloring books that we take on our vacations and have been doing this for years. But this book is so much more intricate and makes me use my imagination. This year, for Christmas, I purchased an Adult Coloring Book for my sisters and Mom. I think they will enjoy them like I do !! :) T

I was very unhappy when I got this book. I was hoping for something nicer that didn't look like it was made by and for a child.

I really love this amazing coloring book. There's a few illustrations that are a little weird, but most of them are beautiful and I can't wait to get started coloring them.

I think the design on the cover is deceiving as not all the drawings are as nice as that one - would prefer to make a book that has simple designs for people who prefer that and separately an intricate, more fine detail for those of us, like myself, who like to color those. The designs were repeated, did not fill the page and it was a let down.

Great price and great quality.

Great picturesThere are ideas for stained glass alsoU won't be let down if u purchase this book
