Chasers Of The Light: Poems From The Typewriter Series

Synopsis

The epic made simple. The miracle in the mundane. One day, while browsing an antique store in Helena, Montana, photographer Tyler Knott Gregson stumbled upon a vintage Remington typewriter for sale. Standing up and using a page from a broken book he was buying for \$2, he typed a poem without thinking, without planning, and without the ability to revise anything. He fell in love. Three years and almost 1,000 poems later, Tyler is now known as the creator of the Typewriter Series: a striking collection of poems typed onto found scraps of paper or created via blackout method. Chasers of the Light features some of his most insightful and beautifully worded pieces of work - poems that illuminate grand gestures and small glimpses, poems that celebrate the beauty of a life spent chasing the light.

Customer Reviews

Capturing the tiniest moments and giving them the importance they deserve through words and photographs is Tyler Knott's specialty. What an amazing outlook on life. You will not be disappointed with this book. His poems will give you hope, smiles, tears, and love.

I would randomly scroll through my newsfeed on Facebook & would come across a poem written in the style of a type writer. I kept seeing more & more before I found out whom this wonderful writer was. I'm so glad I did bc I'm in love with his work. This book showcases the simplicity of how beautiful poetry can be. This book is full of some of the most moving & sensual, and often times, sexiest poems I've read in a long time. I felt everyone of his emotions on every single page.

This is one of the best buys I've made in a long time. I'm so happy to own this.

I bought this book as a gift for my girlfriend who absolutely loves TKG. We follow him on Instagram, Twitter and Facebook and when I saw that he was releasing a book I was ecstatic. I feel like it's very hard to speak your mind sometimes especially when it comes to things like love! Tyler perfectly expresses all of the feelings that a person could wish to convey, not only that but he provides amazing photography to go along with his Typewriter series. Overall this book is a joy to have and to read and it is one book that we will keep forever on a list of all time favorites.

I have fallen in love with Tyler Knott Gregson's poems after reading a bunch of them on the internet. I finally ordered the book to read more of his material. I flagged a bunch of pages/poems that made me think of my boyfriend so I can show him later - the depth of emotions he is able to convey are just unbelievable! I'm certainly not disappointed but I was hoping to find more of what I have seen/read on the internet because I wanted to be able to have some of those poems in my possession as well. I haven't read poetry in a long time (I do love to read, just prefer non-fiction) and found my self transported to another place for a bit while I read this.

Wow. I get so lost in this book. His words!!! I think every woman would appreciate a man who can express himself with words in such a way... Breathtaking. The cover is so, beautifully done as well. Looks great on display. Highly recommend!

Beautiful modern poetry. Every line seems to speak directly to me. I had the pleasure of attending his book signing in NYC this year and was blown away at how amazingly humble, generous, and caring this author is. He is a bright light in a world full of so much hate and darkness.

This book is a must have for any poet, and romantic at heart. I love the fact that most of the poems are written with a typewriter, and the words truly hit you in places that you never would've thought. Tyler Knott Gregson is truly a master at his art. There are very few places I go without this book, because I can always open it up and find a poem that truly speaks to my mood at that point in time. The small size makes it easy to hide in my purse or backpack, but the bright colors of the cover really are fitting to the book itself. I look forward to seeing much more from him in the future.

Tyler Knott Gregson is single handedly making poetry relatable for the masses, and for that I love

him. His poems speak to me (and I think to many) on so many levels. This book is beautiful to look at and would make a fabulous gift, but it's also a great read for yourself. Highly recommended.
