I really love these cards. At first I wasn't sure I was going to like it all that much, mostly because of the strong tan color of the cards and seeing some of the pictures of the art work I didn't like very much, but I decided to purchase anyways because of all the different subjects these cards include on them (will get to that later in the review) and because of the action steps and these cards were basically calling out to me. When I purchased, the shipping was super fast and came in a great condition! The feel of the box is smooth and sturdy, actually I had a bit of trouble opening it up at first! Really liked the box image and illustration and the gold. The booklet is nice and thick and chock full of information about the cards and action steps to take if you get the card. Now what I really loved is the golden edge on the cards (like most of Doreen's decks) and the feel of the cards. They are actually sturdier (stiffer/harder) than some of Doreen's and Hay House oracle decks which was really nice. Once I looked through the whole deck I decided I really really liked them! The energy of the cards was very peaceful and positive and they were more beautiful than I thought they would be, and I actually didn't mind the strong tan color anymore (it's one of my least favorite colors). There are still some images that I don't really care for for the artwork, it just doesn't look very professional or kind of looks like an amateur did it, but hey maybe that's just their style of art work. But most of the images are really beautiful! Now on to the kind of "subjects/topics" the cards portray. This deck is pretty diverse spiritually I guess I would say, it has a balance of spiritual/physical and mental topics and offers guidance and advice on each topic. Some of the categories and sub topics in this deck include: Chakras (base, crown, etc) Spiritual and physical beings (ascended masters, parents, Earth angel etc) Psychic (mediumship, you are profoundly clairvoyant, etc) Life purpose (books, seminars, etc) Physical (crystals, singing and dancing, etc) Psychic clearing and protection (cut your cords, shield yourself, vacuum away fear) Mental/Emotional (Integrity, be willing to forgive, etc) and many more! As for readings, I've done quite a lot since I got them about a week ago for others and myself, and they have been really accurate! And the action steps in the booklet have been really helpful also. Overall I really enjoy these oracle cards, if you want really diverse oracle cards for healing and to better yourself spiritually and physically I would recommend these.

I am studying angels & their gift to us. These cards are high quality as is all of Doreen Virtue's cards. As I am also studying on being an energy/light healer this is a perfect companion. When I feel the time is right to begin working with people these cards will be a plus to show them their reading with the beautiful imagery. It will help them remember their reading aiding in their healing.

A really nice deck. I recommend it highly.

Recently i have found myself very sensitive to peoples energies and had a calling to get myself a deck, and this deck jumped out to me ...I love them!

Angel Therapy Oracle Cards: A 44-Card Deck and...great quality, delivered fast, love this set and I own five different ones. I'd say the price and quality are wonderful and I'd recommend this to those practicing readings. Doreen Virtue has video's on YouTube and very accurate! ãfâ ã Â© 2015 Jackie Paulson

I love this deck. It is beautiful decorations and right on time with the readings..

They are truly magical. Very pleasant to hold in hands, amazing quality. Mine were a bit stuck together because of the gold edges painted together, I think, but were easy to separate. Doreen recommends to touch each and every one of them before doing the reading, anyways. The pictures on the cards are made by few different artists (credited in a guidebook), but all are very beautiful and uplifting. The descriptions are very precise and again, positive. Whenever I do the reading (about 5 so far), it worked so well and I couldn't be happier. The law of attraction works wonders!

Amazing and unique!!! I have received my deck yesterday and I am already loving it. I cleanse it and had my first reading last night for myself and then for my mother. It is amazingly accurate and the answers are totally corresponding to your question. The artwork is stunning, I strongly recommend it
