Pristine coral reefs, tropical waters, rainforests, and rivers meandering through jungles wait to be explored. Parks cover 24% of the country's area, where jaguars and giant anteaters reside. Coastal wetlands are home to monkeys, manatees, alligators and waterfowl. The north or Caribbean coast has mile upon mile of white sand beaches and lush tropical vegetation. Just 30 miles offshore are the Bay Islands, famous for first-class diving on the second-largest barrier reef in the world. The ancient Maya ruins of Copan, a famed archaeological World Heritage Site, guard the secrets of the ancestors of the modern Mesoamerican men whose faces closely resemble those carved in stelae. The hieroglyphic stairway in Copan is the largest in the Maya world. Weekly open-air markets offer ripe mangos, oranges, bananas, avocados and tomatoes, adding charm and color to the country villages, where most people reside in whitewashed adobe houses with red tile roofs. This guide, by a lifelong resident, tells you everything about the history, the culture, the foods, how to get around, the recommended places to stay and eat, plus the activities and adventures, from cooking classes to monkey-spotting in the cloud forests. Honduras is just south of Belize and Guatemala, north of Costa Rica and Panama. Our guides on each of those countries have been strong sellers. WHY VISIT HONDURAS? Great diving on the second-largest barrier reef in the world. The Maya ruins of Copan, a UNESCO World Heritage site. 112 protected areas, parks and reserves. River rafting, kayaking, hiking, biking, horseback riding in the midst of exuberant tropical nature. The most protected cloud forests in the world, with 35 reserves. The Ro Platano Reserve of Man Biosphere, a UNESCO World Heritage site. La Moskitia, the largest rainforest region in Central America. "Loaded with color photos and maps. Equivalent to 500 pages in print."

Customer Reviews

The page for this book on Kindle says that it was published December 28, 2012. But, looking at material for Santa Rosa de CopÃfÃn where I live I see restaurants that are closed, a good pizza place not mentioned, an inexpensive but good hotel not mentioned, and service of Hedman Alas not mentioned. This is false advertising and does not merit spending your money on this book. The background is good in some places and the color pictures are nice, but some photos do not seem to be related to the place described. I would love to see a much better book. It shouldn't be hard to do - a good editing of this book might work.
