I have had dogs my entire life and have read many dog training books. I think The Puppy Training Handbook is well put together guide to the ins and outs of what it takes to own a dog. It is tailored to someone who has never had a dog and needs to know every detail. It's easy to read with limited fluff. I highly recommend for anyone who is new to owning a dog or needs help with their troublesome little pup.

I have had Kaelin train my dog in my home with excellent results. I also read this book and the book is the best I have ever read for dog training at all levels. It is clear and to the point covering all areas of concern in training. Her methods work and are easy to adapt to any area of dog training for all ages of dogs.. I would recommend any dog owner to buy a copy to have a reference for any situations you may have now or in the future. I cannot say enough about the book and I speak from personal experience.

The Puppy Training handbook, you might expect, provides tips and steps from puppyhood, which my dog is not. But I bought it and followed it anyway. She's right! It's never too late to train your dog! The book provides excellent explanations and reasoning for behavior, nutrition, and more. It's easy to understand and apply. Excellent job, Kaelin! Highly recommend at all stages of your dog's life!

This book has helped me so much! Definitely the best training book out there. Implementing these tools into practice at home has helped my dog more than I could ever imagine. Highly recommend...

This book is AMAZING! My boyfriend and I were nervous about getting a dog due to the training - Kaelin's book was an excellent tool and made us much more knowledgeable. We would recommend to anyone looking for a guide to train their pups!

Excellent book! This book will really help anyone who is looking to train their dog to be better behaved. Kaelin is very knowledgeable and has a ton of experience.

This book is amazing. Such an easy read. Every dog owner should own a copy. We recently got a French Bulldog and using this book has made the training process a breeze, now baby jack is a little genius.

Love this book! Love the way it was written. Easy to understand and it really explains things well!
