The Clouded Sky (The Earth & Sky Trilogy Book 2)

Synopsis

When seventeen-year-old Skylar escapes the time-bending Enforcers who secretly control Earth, her troubles have just begun. She and her friend Win take refuge on Win's home space station with his fellow rebels, but the fate of Skylar's planet still spins out of her control. To avoid detection, Skylar poses as the Earthling "pet" of Win's rival, an arrogant boy named Jule. Homesick and faced with a cool reception from the other rebels, she throws herself into the group's mission: assembling a weapon to disable Earth's restrictive time field. Gradually, Skylar's skill for detail gains respect—even from Jule, who is more vulnerable than he lets on. Yet challenges spring from every side. Not only must Sky navigate the muddy waters of romance, but suspicions of betrayal grow among the rebels as their work narrowly misses sabotage. In the latest in Megan Crewe's Earth & Sky series, can Skylar expose the traitor before time runs out and Earth is destroyed?

Customer Reviews

Dragged a bit although the very end really popped. I came on about 3/4 the way through to read spoilers to decide if I even wanted to finish it. I still haven't decided if I'll be reading book 3. It wasn't bad so much as uninteresting to me.

This book held my interest throughout. The ending left me going to the third book immediately. Another great book for young adults.

excellent story line & written very well!!!! this could be good reading for a teenager but i'm late 50's & I really enjoyed it!

I enjoyed reading the entire series - I enjoyed that it was easy reading and kept my interest

I like romance books. This was a different kind of book for me.

Great! My review of this series, including this book will be on my blog:

infinitebookreviews.wordpress.com

It's so hard to get into the story, it keeps veering off to things that don't interest me. It started off great but then petered out.

This 1 was def not as good as the first book. It felt rushed. Especially the romance. The ending was perfect tho!
