That is how you redeem yourself you come clean and then you show them they are loved!!!! I love this family Blue bought in everybody and showed how they connected and the sex scenes where fire!!!! I love that I got to see my Blacks and meet some new family!!! I loved the interactions and how Braxton let Heather know her time was coming and I loved how Shannon came into her own!! My Uri and Val where as awesome as every and you need to come clean about Micheal Missy!! And I can't wait for more

Hush 2 was a collection of badasses under one roof. It answered questions from Hush 1 and from the LB series. It revealed how all the families were connected. This book showed plenty of love and passion between families and friends and especially between the couples. It also provided plenty of laughs, especially from Cassidy, Pam, and Ava. I loved how the families came together to eliminate their common problem. I love the introduction of Brooklyn, so I can't wait to read his story. I already know it's gonna be a showstopper. When he can step up to Uri and let him know that he'll be coming for DJ (Uri/Val's new nanny/friend) and then straight walk away like nothing happen, he just enter the badass zone as well. Keep up the good work Blue Saffire and please keep bringing these books that I so love. I will highly recommend this book, this series, as well as all of her books.

I'm reading these books out of order (not on purpose but kinda), but I'm still able to keep up. I like

that all, if not most of the characters in this series show up in these books. Love the updates. This writer is phenomenal, there's mystery, intrigue, angst, heartache, love, romance and hot sex scenes. Luca was a little slow but he got his rear in gear to get his girl. Shannon was naïve and a little immature but she got it together as well. Keep up the good work Ms Blue!

WOW. This was much more than a love story between Shannon and Luca. This story answers questions about the relationship between the Mairettie, Briggs, Donati, Black, Pocatello, and Caprisi while each are dealing with threats against the women in their family. Overall this story dealt with forgiveness, belief in oneself, coping with loss, attempted murder, and a love worth holding onto. Well written story. The author really put her heart into this. Thank you. Well done.

This book is great. Blue has done it again. It is great when you see everyone together and how they fit in. I kept wondering how the Black family fit in. Always thought Cassidy was bad because of Joe. But, she grew up with it. And I love TJ and Lulu. Boy, I laughed so hard, had to put my kindle down. Vanessa and Michael. Okay! Blue girl you never disappoint. I love the man Luca became. And just imagine, he always had it in him. When he had to step up, he became the man his father and Uri knew he could be. I am so glad Shannon got to know her mother and how much she was loved. I cried with her. I should stop now, I can tell the whole story. Can't wait for Nico's book. Reese better do right by him. And more Blacks please. Don't get me wrong, I love all the men. But no one can make their women stand down like Braxton and Uri.

First let me say that I am not a huge fan of "first person" novels. I usually shy far, far away from them no matter how good the synopsis may sound. But since discovering Blue Saffire's books I have to say I have rethought that. This is book 2 in the Hush series and I have read both of them and I have enjoyed BOTH of them. This was fast paced and before I knew it I was close to the end and then it was over. In the Legally Bound novels Luca was described as being spoiled even self absorbed but when you read Hush 1 and get more into Hush 2 you come to see that he just had not met the right woman to make him care about anything than his immediate wants and desires. In this book he actually is thinking about how Shannon is feeling and wanting to make her happy and I enjoyed that. Speaking of Shannon I felt a bit sad for her because she was almost in my opinion the "little girl lost" not knowing who she is and basically being verbally abused all her life by a woman who she thought was her mother. I couldn't understand why her father didn't stand up for her thought as I didn't get the impression that he was around as much as he should have. He seemed

to look more out for Valentina vs Shannon and that also made her feel unloved. But the love that Luca had for her was very genuine and it was good to see them both "grow up". It was good to see the Legally Bound crew involved in this book as well along with her other characters. I would like to maybe see how exactly Olivia and Thomas got together. I know they kind of skimmed over it in LB 4 but I would like to read more about their relationship. I thought the book was overall fast paced and enjoyable to read. I enjoy the author's writing a lot.

Been waiting for this book forever and I can say that I'm not disappointed!! Pick off from Hush 1 and so many questions had been answered. Luca and Shannon was amazing, love how everything came together! It was nice to see everyone in this book and how everyone is intertwined together! Blue you did it again!!

This author never dissapoints! You have to read it to believe it. All of my favorite characters in one book. I laughed, almost cried, and it quenched the my blood thirst at the end. I don't like giving away the story, so just read it.
