Synopsis

It's another new year celebrating everything under the Sun, including the Moon, with The Old Farmer's Almanac, America's oldest continuously published periodical! Always timely, topical, and distinctively "useful, with a pleasant degree of humor," the Almanac has been beloved for centuries by people from all walks of life. As the nation's iconic calendar, the 2018 edition will mark the days, months, and seasons; preview astronomical events; and cover a range of related topics: trends, gardening, anniversaries, recipes, home remedies, pets, husbandry, folklore, amusement, contests, fishing, and more—too much more to mention—all in the inimitable way it has done since 1792.

Customer Reviews

America's best-selling annual publication, with facts, feature articles, and advice that are "useful, with a pleasant degree of humor."

Every year, have to have book for the weather.

Love it so much information.

Great information inside

I bought it for the long range forecast. The overall accuracy of the temperature forecast and the precipitation forecast is 77.8% and 83.3% respectively. That is impressive! The articles are fun to read and informative. I learned a lot about groundhogs, astronomy, measuring wind speed, hurricane strength, weather, the calendar, great food recipes, frosts and growing seasons, best fishing days and times, the secrets of old time snake oil etc. etc. This was my first Old Farmer's Almanac, but it won't be my last!
